² Refer to specific note on non-GAAP financial measures

³ Net profit and Adj. net profit for the three months ended December 31, 2018 reflected an income tax benefit of Euro 4 million as the result of the final determination of the tax rate for the year

⁴ Compared to the Plan announced at the Capital Markets Day on September 18, 2018

⁵ Calculated using the diluted number of common shares as of December 31, 2019 (186,052 thousand)

⁶ Calculated using the weighted average diluted number of common shares as of June 30, 2018

Maranello (Italy), February 4, 2020 – Ferrari N.V. (NYSE/MTA: RACE) (“Ferrari” or the “Company”) today announces its consolidated preliminary results⁽⁷⁾ for the fourth quarter and twelve months ended December 31, 2019.

Shipments⁽⁸⁾⁽⁹⁾

For the three months ended				Shipments (units)	For the twelve months ended			
December 31,					December 31,			
2019	2018	Change			2019	2018	Change	
1,348	1,046	302	29%	EMEA	4,895	4,227	668	16%
605	811	(206)	(25%)	Americas	2,900	3,000	(100)	(3%)
60	173	(113)	(65%)	Mainland China, Hong Kong and Taiwan	836	695	141	20%
363	368	(5)	(1%)	Rest of APAC	1,500	1,329	171	13%
2,376	2,398	(22)	(1%)	Total Shipments	10,131	9,251	880	10%

Shipments totaled 10,131 units in 2019, up 880 units or +9.5% vs. prior year. This achievement was driven by an 11.2% increase in sales of 8 cylinder models (V8) and a 4.6% increase of 12 cylinder models (V12). Robust deliveries of the Ferrari Portofino and the 812 Superfast, along with the first deliveries of the F8 Tributo, the Ferrari Monza SP1 and SP2, were partially offset by lower volumes from the 488 family, with the 488 GTB and the 488 Spider concluding their lifecycle, partially compensated by the 488 Pista and the 488 Pista Spider.

Mainland China, Hong Kong and Taiwan were up +20.3%, EMEA⁽⁹⁾ grew by +15.8%, Rest of APAC⁽⁹⁾ increased by +12.9%, while Americas⁽⁹⁾ was down -3.3%, reflecting the deliberate geographical rebalancing driven by product phase-in pace and waiting lists.

⁷ These results have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board and IFRS as endorsed by the European Union

⁸ Excluding the XX Programme, racing cars, Fuori Serie, one-off and pre-owned cars

⁹ EMEA includes: Italy, UK, Germany, Switzerland, France, Middle East (includes the United Arab Emirates, Saudi Arabia, Bahrain, Lebanon, Qatar, Oman and Kuwait) and Rest of EMEA (includes Africa and the other European markets not separately identified); Americas includes: United States of America, Canada, Mexico, the Caribbean and Central and South America; Rest of APAC mainly includes: Japan, Australia, Singapore, Indonesia, South Korea, Thailand and Malaysia

Total net revenues

927	845	10%	8%	Total Net Revenues	3,766	3,420	10%	8%

Net revenues for 2019 increased to Euro 3.8 billion, up +10.1% and up +8.2% at constant currency⁽¹⁾. The increase of revenues in Cars and spare parts⁽¹⁰⁾ to Euro 2.9 billion (+15.4% or +13.4% at constant currency⁽¹⁾) was supported by volume increase of the 488 Pista and 488 Pista Spider, the Ferrari Portofino, the 812 Superfast and the initial deliveries of the F8 Tributo. Revenue growth was also supported by a positive contribution from the Ferrari Monza SP1 and SP2 as well as by personalization programs. This was partially offset by lower sales of the 488 GTB and the 488 Spider, as well as prior year shipments of LaFerrari Aperta and the Ferrari J50. Engines⁽¹¹⁾ revenues (Euro 198 million, -30.3% also at constant currency⁽¹⁾) continued to decline, reflecting lower shipments to Maserati. Sponsorship, commercial and brand⁽¹²⁾ revenues (Euro 538 million, +6.4% or +4.3% at constant currency⁽¹⁾) increased due to higher revenues generated by Formula 1 racing activities. Currency – including translation and transaction impacts as well as foreign currency hedges – had a positive impact of Euro 64 million (mainly USD).

¹⁰ Includes the net revenues generated from shipments of our cars, including any personalization revenue generated on these cars and sales of spare parts

¹¹ Includes the net revenues generated from the sale of engines to Maserati and the revenues generated from the rental of engines to other Formula 1 racing teams

¹² Includes the net revenues earned by our Formula 1 racing team through sponsorship agreements and our share of the Formula 1 World Championship commercial revenues and net revenues generated through the Ferrari brand, including merchandising, licensing and royalty income

¹³ Primarily includes interest income generated by our financial services activities and net revenues from the management of the Mugello racetrack

Adjusted EBITDA⁽²⁾ and Adjusted EBIT⁽²⁾

For the three months ended December 31,				(Euro million)	For the twelve months ended December 31,			
2019	2018	Change at constant currency			2019	2018	Change at constant currency	
333	274	22%	18%	Adjusted EBITDA ⁽²⁾	1,269	1,114	14%	9%
219	195	12%	8%	Adjusted EBIT ⁽²⁾	917	825	11%	5%

2019 Adjusted EBIT⁽²⁾ was Euro 917 million, +11.2% or +5.1% at constant currency⁽¹⁾ due to higher volumes (Euro 99 million) and a positive Mix / price variance (Euro 78 million). The latter was attributable to the initial deliveries of the Ferrari Monza SP1 and SP2 and to the impact of the personalization programs, while it was partially offset by a negative range product mix as well as prior year shipments of LaFerrari Aperta and the Ferrari J50. Industrial costs / research and development costs increased (Euro 94 million), mainly due to product innovation activities and Formula 1, higher operational startup expenses in connection with the introduction of new models as well as higher depreciation and amortization of fixed assets. SG&A (up Euro 20 million) reflected new product launches and the Company's organizational development. Other (down Euro 21 million) decreased due to lower engine sales to Maserati and other supporting activities.

Financial charges in the year increased to Euro 42 million, up Euro 19 million compared to 2018, also reflecting the cost of the cash tender offer on part of the euro bonds outstanding, executed in July.

The tax rate in the year was 20%, mainly attributable to the combined effects of Patent Box and the deduction related to the hyper and super-depreciation of fixed assets in accordance with tax regulation in Italy.

As a result of the items described above, Adjusted diluted earnings⁽²⁾ per share for the year reached Euro 3.71, up +9.1% vs. prior year.

Industrial free cash flow⁽²⁾ for the year ended December 31, 2019, was Euro 675 million, mainly driven by Adjusted EBITDA⁽²⁾ and the positive impact on working capital

generated by the collection of advances on the Ferrari Monza SP1 and SP2, partially offset by capital expenditures of Euro 706 million, financial charges and income taxes.

Net Industrial Debt⁽²⁾⁽¹⁴⁾ as of December 31, 2019, was Euro 337 million, compared to Euro 370 million as of December 31, 2018. During 2019, a total worth of Euro 387 million of share repurchases and Euro 195 million dividend distribution were accomplished. Lease liabilities per IFRS 16 as of December 31, 2019, were Euro 60 million.

2019 highlights

Ferrari F8 Tributo:

Successfully presented at the Geneva Motor Show on March 5, 2019, the Ferrari F8 Tributo represents the most powerful V8 in the Prancing Horse history for a non-special series car and sets the benchmark not just for turbos but for engines across the board. The F8 Tributo delivers its 720 cv without the slightest hint of a turbo lag and produces an evocative soundtrack. Instantaneous power is matched by exceptional handling due to the car's advanced vehicle dynamics.

¹⁴ Net Industrial Debt redefined as Net Debt less Net Debt of Financial Services Activities

Ferrari's V8 takes its fourth consecutive International Engine & Powertrain of the Year award

On May 22, 2019, the 21st edition of the International Engine & Powertrain of the Year saw Ferrari triumph again, taking the overall title with its 720 cv, 3.9-litre V8 for the fourth year running, a feat never achieved by any other engine in the history of the awards.

Ferrari SF90 Stradale – “Beyond Imagination”

On May 29, 2019, Ferrari introduced a new chapter in its history with the introduction of its first series production PHEV (Plug-in Hybrid Electric Vehicle), the SF90 Stradale. The new top of the range model is revolutionary on every level and represents a true paradigm shift delivering unprecedented performance for a new series-production car. Statistics such as 1,000 cv, a weight-to-power ratio of 1.57 kg/cv and 390 kg of downforce at 250 km/h speak volumes regarding the SF90 Stradale's characteristics.

Cash tender offers on certain series of euro notes issued by Ferrari N.V.

On July 4, 2019, Ferrari N.V. announced its intention to purchase its Euro 700,000,000 0.250 per cent. Notes due 16 January 2021 and Euro 500,000,000 1.500 per cent. Notes due 16 March 2023 for cash up to a maximum aggregate nominal amount of Euro 250,000,000 (the “Offer”).

Pursuant to the Offer, on July 12, 2019, the Company increased the maximum aggregate nominal amount to Euro 315,395,000 and accepted for purchase valid tenders for an aggregate nominal amount of Euro 200,000,000 of the 2021 Notes and Euro 115,395,000 of the 2023 Notes. After July 16, 2019 (Settlement Date), the nominal amount outstanding is Euro 500,000,000 for the 2021 Notes and Euro 384,605,000 for the 2023 Notes.

Ferrari takes the Red Dot: Best of the Best award for the Monza SP1

On July 8, 2019, the award ceremony of the Red Dot Award: Product Design 2019 took place in Essen, Germany. Ferrari received two prestigious accolades: the Red Dot: Best of the Best award for the Monza SP1 and an honorary recognition for the design team.

Ferrari N.V. taps the US Private Placements market with a Euro 300 million offering in two tranches of 10 and 12 year maturities

On July 31, 2019, Ferrari N.V. announced it completed a private placement to certain US institutional investors of Euro 150,000,000 aggregate principal amount of 1.12% senior notes due 2029 and Euro 150,000,000 aggregate principal amount of 1.27% senior notes due 2031.

Universo Ferrari – the first event dedicated exclusively to Ferrari in its hometown

On September 2, 2019, the first exhibition dedicated to the world of Ferrari in Maranello, Universo Ferrari, opened its doors. Over 14,000 customers, prospects and Ferrari enthusiasts visited the Universo Ferrari during the entire month of September, having the chance to experience the many facets of the marque in a holistic manner.

The Ferrari 812 GTS and the Ferrari F8 Spider

On September 9, 2019, the Company unveiled the 812 GTS, which made its return 50 years after the debut of the last sport front-mounted V12 spider. The model was revealed during the Universo Ferrari event held in Maranello. The exhibition was also the stage for the launch of the F8 Spider, the new generation drop-top sports car equipped with the most successful mid-rear-mounted V8 in history.

Brand Diversification Strategy

On November 4, 2019, during the Q3 2019 earnings call, management presented a synopsis of Ferrari's finalized brand diversification strategy.

The Ferrari Roma – “La Nuova Dolce Vita”

On November 13, 2019, the Ferrari Roma was revealed during a dedicated client event held in Italy's iconic capital. The new mid-front-engined 2+ coupé features refined proportions and timeless design combined with unparalleled performance and handling. Not only is the Ferrari Roma an icon of Italian design, but it also represents the pinnacle of performance in this category thanks to its turbo-charged V8 from the family of engines that has won the overall International Engine of the Year award four years running.

Ferrari N.V. signs a new syndicated revolving credit facilities

On December 11, 2019 Ferrari signed a Euro 350 million unsecured committed revolving credit facility intended for general corporate and working capital purposes (the “New RCF”). This facility replaces the previous Euro 500 million committed revolving credit facility due November 2020, which was cancelled the same day. The New RCF provides a lower cost of capital as compared to the prior facility and confirms the support that Ferrari receives from a large panel of international key relationship banks. Its lower size reflects an overall evaluation of the optimal capital structure of the Company going forward.

Subsequent events:

Under the common share repurchase program, from January 1, 2020, to January 31, 2020, the Company has purchased a further 159,125 common shares for a total consideration of Euro 24.5 million. At January 31, 2020, the Company held in treasury an aggregate of 8,799,301 common shares. As of the same date, the Company held 3.42% of the total issued share capital including the common shares and the special voting shares, net of shares assigned under the Company’s equity incentive plan.

On January 22, 2020, Ferrari was awarded the title of world’s strongest brand for the second consecutive year by Brand Finance, the leading international independent brand valuation and strategy consultancy.

Forward Looking Statements

This document, and in particular the section entitled "Upgraded 2020 Guidance" contains forward-looking statements. These statements may include terms such as "may", "will", "expect", "could", "should", "intend", "estimate", "anticipate", "believe", "remain", "continue", "on track", "successful", "grow", "design", "target", "objective", "goal", "forecast", "projection", "outlook", "prospects", "plan", "guidance" or similar terms. Forward-looking statements are not guarantees of future performance. Rather, they are based on the Group's current expectations and projections about future events and, by their nature, are subject to inherent risks and uncertainties. They relate to events and depend on circumstances that may or may not occur or exist in the future and, as such, undue reliance should not be placed on them. Actual results may differ materially from those expressed in such statements as a result of a variety of factors, including: the Group's ability to preserve and enhance the value of the Ferrari brand; the success of Ferrari's Formula 1 racing team and the expenses the Group incurs for Formula 1 activities, as well as the popularity of Formula 1 more broadly; the Group's ability to keep up with advances in high performance car technology and to make appealing designs for its new models; Group's ability to preserve its relationship with the automobile collector and enthusiast community; changes in client preferences and automotive trends; changes in the general economic environment, including changes in some of the markets in which we operate, and changes in demand for luxury goods, including high performance luxury cars, which is highly volatile; competition in the luxury performance automobile industry; the Group's ability to successfully carry out its growth strategy and, particularly, the Group's ability to grow its presence in emerging market countries; the Group's low volume strategy; reliance upon a number of key members of executive management, employees, and the ability of its current management team to operate and manage effectively; the performance of the Group's dealer network on which the Group depend for sales and services; increases in costs, disruptions of supply or shortages of components and raw materials; disruptions at the Group's manufacturing facilities in Maranello and Modena; the performance of the Group's licensees for Ferrari-branded products; the Group's ability to protect its intellectual property rights and to avoid infringing on the intellectual property rights of others; the ability of Maserati, the Group's engine customer, to sell its planned volume of cars; continued compliance with customs regulations of various jurisdictions; the impact of increasingly stringent fuel economy, emissions and safety standards, including the cost of compliance, and any required changes to its products; the challenges and costs of integrating hybrid and electric technology more broadly into Group's car portfolio over time; product warranties, product recalls and liability claims; the adequacy of its insurance coverage to protect

the Group against potential losses; ability to ensure that its employees, agents and representatives comply with applicable law and regulations; ability to maintain the functional and efficient operation of its information technology systems, including our ability to defend from the risk of cyberattacks on our in-vehicle technology; the Group's ability to service and refinance its debt; the Group's ability to provide or arrange for adequate access to financing for its dealers and clients, and associated risks; labor relations and collective bargaining agreements; exchange rate fluctuations, interest rate changes, credit risk and other market risks; changes in tax, tariff or fiscal policies and regulatory, political and labor conditions in the jurisdictions in which the Group operates, including possible future bans of combustion engine cars in cities and the potential advent of self-driving technology; potential conflicts of interest due to director and officer overlaps with the Group's largest shareholders and other factors discussed elsewhere in this document.

The Group expressly disclaims and does not assume any liability in connection with any inaccuracies in any of the forward-looking statements in this document or in connection with any use by any third party of such forward-looking statements.

Any forward-looking statements contained in this document speak only as of the date of this document and the Company does not undertake any obligation to update or revise publicly forward-looking statements. Further information concerning the Group and its businesses, including factors that could materially affect the Company's financial results, is included in the Company's reports and filings with the U.S. Securities and Exchange Commission, the AFM and CONSOB.
